

# NEW AGE PROTECTION Incorporated

*“Mission Critical Solutions ... For a New Age! “*

New Age Protection, Inc. (New Age) is a minority veteran owned small business incorporated in 2003 in the state of Maryland and operates its primary office out of Springfield, Virginia. New Age provides professional services, logistics support, management support, information technology and security support services to government and industry clients. New Age is currently staffed with over 154 employees, 99% have Top Secret or Secret security clearances and over 90% have Top Secret clearances with /Sensitive Compartmented Information (TS/SCI) access or eligibility. New Age has and will continue to select exceptionally qualified personnel who are highly experienced and meet or exceed all customer requirements.

New Age's three principals have over 39 years of military experience and collectively over 85 years of military and industry experience. Throughout their military and industry experience they have enhanced their knowledge and experience while managing multi-million dollar operations effectively, always meeting mission requirements in a timely fashion. The principals have numerous years of experience in the intelligence community and are extremely knowledgeable of governing regulations and requirements essential for critical mission completion.

New Age possesses a valid Facility Clearance (FCL) at the Top Secret level with cage code 36KD7. New Age's DUNS Number is 172223997. New Age develops an understanding and appreciation for the client's mission and is committed to establishing long-term strategic alliances. We are an approved SeaPort-Enhanced prime contractor. We are a certified 8(a) Small Disadvantage Business through 2016 and have submitted GSA Schedule 84 for approval.

New Age's most significant qualification is its experience in constructing and managing the day-to-day operations of an effective security support program and recruiting appropriately cleared, experienced professionals capable of meeting all requirements. At New Age we understand the requirements associated with establishing and maintaining an effective security program and have personnel capable of providing full scope cradle-to-grave security operations associated

with highly classified government missions to include all related administrative security requirements.

Our personnel are instrumental in providing executive level Administrative Assistant and Administrative Security support such as the services provided to CISCO Systems where we provide direct support to the Facility Security Officer (FSO) and the Contractor Special Security Officer (CSSO) as the alternate to both. Duties include assisting personnel with Electronic Questionnaires for Investigations Processing (e-QIP), managing JPAS-PSM Net, conducting self inspections, providing contract review, processing visit authorizations, managing the SIMS database, conducting prescreens for SCI Programs and ensuring that all inbound visit request meet contractual obligations and obtain proper identification. We assist the FSO in processing request for the facility through utilization of their Case Tracking Tool.

Our personnel are experienced in all security disciplines and provide a broad range of security support. The range of New Age security support is from cleared security escorts to providing Vulnerability Assessments, Sensitive Compartmented Information Facility (SCIF) design, construction, accreditation preparation and day-to-day SCIF management. Personnel, Information, Physical, Operations and Administrative Security support are where New Age excels. Our services include providing cleared security escorts to support conferences and daily visitors and maintenance and construction requirements to various facilities in the Washington, DC metropolitan area. We conduct random inspections to ensure prohibited items are not introduced into the sponsor's facilities in accordance with governing regulations, policies and directives. We operate and ensure the proper administration control of equipment designed for the management of property, deliveries, packages, and controlled/prohibited items. Our administrative security specialists assist in the preparation of sensitive, special, proprietary, and classified documents, reports, manuals, regulations, letters, and other correspondence. They ensure that all equipment is fully operational to include arranging for necessary maintenance/repairs for STEs, classified fax and other equipment located in a classified environment. We are proficient at reviewing and coordinating investigation materials and submitting documents for processing; update and maintain investigation actions, reports, and clearances; perform security badge verification and issuance; maintain control and accountability of classified and sensitive materials.

Our technical capability, dedicated and experienced personnel and successful past performances ensure that the customer receives a contractor that forms a "partnership" that is critical to the successful execution and completion of the contract.

New Age Protection, Inc. (New Age) defined core competencies are supported by our staff expertise and proven performance. We have established a solid infrastructure complete with an effective management program that supports our business development initiatives and always provides mission critical solutions. We feel that our credibility is validated by the quality, performance and recognition of the owner's past performance as well as our corporate current and past contract performance.

New Age performs Professional Services support to the Department of Homeland Security, the Defense Intelligence Agency and the National Geospatial-Intelligence Agency. Our personnel are directly involved in performing such mission critical support services in the form of Travel Managers, Human Capital/Human Resources, Facilities Management, Executive Administrative Assistants, Program Management, Program Analysts, etc.

From inception, New Age has focused on providing highly qualified personnel to meet contract and subcontract requirements. We believe that our reputation is and will continue to be built based on the quality, knowledge, enthusiasm, professionalism and dedication to duty demonstrated by the personnel that we employ. "Our people are our product and their performance is our measuring stick." Since our beginning we have made customer service, customer satisfaction and employee training our priority.

New Age is committed to the establishment of long-term strategic alliances through teaming relationships and joint marketing ventures. We have an appreciation for the clients' mission and ensure customer satisfaction.
